**Chianti Classico's DOP Extra-Virgin Olive Oil «Terre di Perseto»:** For 50 years our farm has been producing extra-virgin olive oil using traditional methods, fully respecting nature and its processes. Terre di Perseto Extra Virgin DOP Olive Oil is obtained from olives strictly cultivated in our farm from our own olive trees. The D.O.P. mark (Protected Designation Origin) applies only when the entire production cycle (from the raw olives to the bottled olive-oil) is carried out within a well-defined geographical area and therefore cannot be reproduced outside of it. The nature of the land, the exposure and the climate of the Chianti Classico region guarantee the production of an unique olive oil with exceptional organoleptic characteristics. Tasting Notes: intense olive-green in color, in the mouth it has a slightly spicy taste with a light and elegant bitter note in the finish; it has hints of vegetables, artichoke and fresh almonds. Collection and Pressing: our olives are harvested in the period from October to December. The harvest is carried out strictly by hand to avoid damaging the fruit. Thanks to a last generation pressing plant, the olives are vacuum-processed, thus obtaining an oil with extraordinary organoleptic and nutritional qualities. The pressing is carried out on the same day of harvest to guarantee the excellent quality and maintain the fruity scents.
